RESEARCH EXPERIENCE

Volunteer Researcher – Bank Employee Expertise & Lending Research Jun 2026 - Aug 2026
Clemson University, Clemson, SC

- Conducted research examining how employees' industry experiences influence banks' lending decisions and performance.
- Built an entity-resolution pipeline matching 69.8M+ employment records with FDIC bank data.
- Developed validation and manual-review workflows, producing 5,156 accepted RCID-FDIC bank mappings.

Research Intern, Vyobotics, Singapore Oct 2020 - Oct 2021

- Built a Random Forest model for IoT sensor data, improving anomaly detection accuracy by 15%.

ACADEMIC PROJECT EXPERIENCE

Fleet Risk Factor Analysis | BUAN 6346 Big Data Jan 2026 - May 2026

- Led a team of four to develop a Hadoop-to-Power BI pipeline for fleet safety risk analysis; identified 44.5% early-behavior risk patterns.

Frozen Handhelds Category Analysis | BUAN 6337 Predictive Analytics Jan 2026 - May 2026

- Analyzed 392,161 retail sales records using EDA to benchmark Conagra's position in a $4.6B handheld category.
- Achieved testing R^2 of 0.571; identified the four key sales-performance drivers.

Online Learning Database Platform | BUAN 6320 Database Foundations Sep 2025 - Dec 2025

- Designed a 3NF-normalized MySQL schema; built stored procedures, triggers, and joins to automate enrollment, progress tracking, and reporting.

PROFESSIONAL EXPERIENCE

Digital Marketing Executive, Bitmosys Lab, Kathmandu, Nepal Feb 2022 - Aug 2022

- Analyzed digital campaigns and optimized outreach, increasing customer reach by 18%.

LEADERSHIP & CAMPUS INVOLVEMENT

Marketing Officer, Business Analytics Leadership Council (BALC), UT Dallas Feb 2026 - Present

- Created outreach materials for Student Spotlight, Career Mentoring, and Student Success Sessions.

Marketing Officer, INFORMS, UT Dallas Jan 2026 - Aug 2026

- Promoted technical speaker sessions, workshops, and club events through student outreach.
